WOULD BAR TORREY FROM CITY OF ATLANTA

Ministers Say Revival Did Not Help Churches.

DON'T WANT HIM BROUGHT BACK

Leading Parts in Discussion Were Taken by Drs. W. W. Landrum and Jno. E. White—Methodists Declared As Also Displeased.

Atlanta, June 20.—A fight has been started on the return of Dr. Torrey, and his workers to Atlanta, and it has originated in no less formidable quarters than the Baptist Ministers Association of the city.

After a somewhat stormy session held Monday morning at the First Baptist church, in which loud "amens" and expressions such as, "Now, that's the truth," and, "Go after him, brother," fell from the lips of those who felt the Torrey campaign had been a failure, the meeting finally decided that representatives should be sent to the Business Men's Gospel Union to protest against the proposed return of Dr. Torrey.

The discussion of the matter came about when Dr. Landrum was called upon by the association to make a report as to the result of the Torrey meeting, especially as regards his own church.

In his usual frank and honest manner he went into the detail of the matter and though he was apparently very reluctant to do so, he seemed forced to admit that his church had hardly received any effect at all from the meetings. He stated that most of the cards signed were of members of his own or some other churches. He had received a few on profession but only a very few.

"As ministers of the gospel," he said, "we cannot afford to oppose anybody who preaches the gospel, unless he preach essential error. There were, however, many things said and done during the Torrey meetings that I could not and do not indorse. When he came to certain issues upon which the Baptist church stands firmly, he beat around the bush in a most unsatisfactory manner.

"Then, too, I believe that a campaign which is conducted like his and other evangelistic campaigns, which are not under the guidance of any religious head, tend rather to discredit the churches more than anything else. And I do not believe that those of those who are brought into conviction at such times join the church, unless they have some very strong church ties, such as being in the Sunday school of some particular church, or having a wife, his children in some particular church and themselves being attendants upon the same."

At this point Rev. John E. White broke into the discussion and said:

"I'll venture to say that 75 per cent of persons identified themselves with Atlanta churches as a result of the meeting."

Continuing, Dr. Landrum said:

"Now, I dislike very much to appear to oppose or even to be out of sympathy with such a movement, but we must face the facts and have the fairness, the love and the manhood to recognize them. So far as the Torrey meeting was concerned, I could get no revival at all."

At the conclusion of Dr. Landrum's remarks, a number of short addresses were made in the same vein by other ministers present, and it was decided that a committee composed of Dr. Landrum, White, Millard and possibly several others, call upon the Union president, Governor Winston, and see if the return of Dr. Torrey could not be stopped, and if not persuaded to adopt a plan of campaign different from that pursued in the past. During his concluding remarks Dr. White said he was sure the citizens of the city would cooperate with the Baptists in the effort to prevent Dr. Torrey's return, and to adopt the past plan of campaign of the Gospel Union.

Saved from Wrecked Ship.

Havana, June 20.—Six members of the crew of the schooner Biddle Foote, Captain Allen, of Mobile, and two women, the wives of the captain and the cook, have arrived here. The Biddle Foote sailed from Sabine Pass May 31st for Porto Rico. Encountering a hurricane she lost her sails and rudder and drifted ashore at Punta Icacos, on the north coast. One woman and Stephen Kelley, a member of the crew, were swept overboard and were lost. The others swam to shore or drifted to shore.

WOMAN TO FACE GRAVE CHARGE

Miss Georgia Reddy in Dade County Jail Awaiting Trial.

Miami, Fla., June 18.—Miss Georgia Reddy, the young lady who swore out a warrant charging S. B. Allen with having effected illegal entry into her room at the Miami hotel, has been placed in Dade county jail under charge of perjury and subornation of perjury upon the charges sworn out by Judge Allen.

The last step which has resulted in the young lady's arrest is, it is believed, quite welcome to Judge Allen and even with the chance for her getting in bonds, which is doubtful, he is content in the position of what will be her cell.

Miss Reddy was arrested Saturday night and has since been in Dade county jail. Attorney Sidney Blackburn, who represents her, has left for Homestead, where he will try to secure a bondsman in the person of Miss Reddy's uncle. As soon as the papers are signed a bond will be fixed and she will be released until trial.

The trial of Allen and subornation of perjury are the result of a trial in Justice Sellers' court, in which Allen is charged with having effected illegal entry into Miss Reddy's room at the Miami hotel. In this trial against Allen the case has assumed a complicated status. Both are prominent young people and much interest has been manifested in the case by their friends.

Reform School for Child Thief.

New York, June 20.—William Harvey, the 10 year old boy arrested on Fort Washington, charged with stealing $20 in checks from the First National bank in this city, where he was a messenger, will be brought back to New York by the United States Guard who brought him to the city. The secretary of the company in an interview said: "We feel inclined to be lenient with young Harvey, as he is only 10 years of age, and to prosecute him would be a hard matter. His father has been notified of the arrest and he will be released until trial."

TERROR REIGN IS ON THE WANE

Russian Town Is Resuming Its Normal Appearance.

HUNDRED CORPSES ARE BURIED

Bialystok Is Quiet and Street Cars Are In Operation and Some Factories Have Resumed Work—Resumption of Disorder Prevented.

Bialystok, Russia, June 19, 10 a. m.—The worst appears to be over here. Quiet is practically restored and the streets are no longer unsafe. Some of the shops have reopened and several factories have resumed work.

Fully half the patrols have been withdrawn from the streets here and have gone to other points.

Bialystok, Russia, June 18.—(Midnight)—The bodies of more than a hundred Jews buried during the day, but the imposing array of military forces prevented a resumption of the disorders.

The Associated Press correspondent this afternoon saw dozens of Christians of the lower class with sacks on their backs coming from the desolated Jewish quarter to submit to the examination of the soldiers and police. If the sacks contained plunder, none of it was seized.

General Sader, commander of the garrison, and acting governor general is in personal charge of the troops which are so disposed that a renewal of the rioting is considered improbable.

The Jews, however, continue in a state of panic, and could be seen hastily barricading what is left of their houses. Many of them adopted the artifice of placing ikons or crepe on their doors in order to avert the attacks of the Christians.

St. Petersburg, June 20.—The massacre of Jews at Bialystok has shocked the country and added to the general excitement.

The revelations which the parliamentary commission sent to investigate the outbreak at Bialystok are expected to make will only add fuel to the flames. Thus far the censor at Bialystok has evidently refused to allow the press correspondents to send anything reflecting on the authorities.

The Golos, a newspaper edited by M. Ulianoff, a member of the lower house of parliament, containing an account of the horrors and charging the authorities of Bialystok with deliberately preparing the riot, has been confiscated.

Dispatches from the interior towns bring the usual chronicle of murder and robbery. Fresh strikes are reported at Kaluga, Kremenchug, Zhitomir, Voisk and Ekting Velikl, but the success of the attempt to precipitate a general strike is by no means assured.

The Novoe Vremya, however, reports that the engineers of the Moscow have agreed not to take out their locomotives Wednesday. The government has made the most elaborate preparations to meet the strike movement. Military trains are held in readiness at all the stations of St. Petersburg and Moscow.

The masons and stone cutters joined the bakers in the strike Tuesday and the butchers will follow their example Wednesday. The prices of meat and bread have been doubled.

The news from Cronstadt continues disquieting. The troops sent to the island are encamped outside the city.

The Twentieth Century, formerly the Russ says the situation is so dangerous that the breech blocks have been removed from the guns of the warships in the harbor.

Attempts Life of Gen. Trepoff.

St. Petersburg, June 20.—A circumstantial report is in circulation of an attempt on the life of General Trepoff by a well dressed woman who, according to Petrovsky Novosty, succeeded in entering the room the window panes of which overlooked the palace and which General Trepoff occupies. She fired at him, but missed her aim. The woman was arrested.

The story is denied by the police.

COTTON ACREAGE INCREASES.

According to the Estimate of Texas Newspapers.

Dallas, Texas, June 20.—The Galveston Dallas News publishes its first cotton crop report of the season, comprising individual reports from 500 correspondents. These show an increase in acreage in Texas of 9.6 per cent, Indian Territory 13.3 per cent, and Oklahoma 19.2 per cent. Conditions, compared with the same time last year on this basis, Texas 106.7 Indian Territory, 103.4, and Oklahoma 102.1.

The crop in western Texas particularly has suffered from too much rain and in southern Texas is suffering from drought but as a rule the weather is reported favorable and the state of cultivation good. Not [illegible] enough to interfere seriously of labor and wages [illegible] to $1.50 per day and board for cotton choppers, the fields have been well cleaned.

In many counties women and children have worked in the cotton fields. Boll weevils are reported to be numerous in many counties, but not perniciously active as yet, except in limited number, the hot, dry weather in the coast district holding them in check. As a rule the crop is somewhat backward.

Six Years for Burglary.

Atlanta, June 20.—Joe Willis, a negro, about 21 years old, was given six years by Judge Roan after having been found guilty of burglary. Willis, it is said, broke into the home of E. Van Winkle and, securing clothing, cloaks and bedspreads of all descriptions, peddled them in the neighborhood of Williams street, stating that he was selling the goods for a white lady who lived on Peachtree street, and who was going to move. Four negroes, three women and one man, testified that Willis had sold them clothes which they returned to the Van Winkle family.

Three Negroes Are Drowned.

Columbus, Ga., June 20.—Two negro men and a negro woman were drowned in the Chattahoochee river at Hardock's landing, 12 miles south of the city, while crossing the stream in a bateau. They drifted under the bow of a government barge, and the man steering the boat became confused, with the result that it was overturned, the current driving the boat with considerable force against the barge. None of the bodies have been recovered.

Death Results from Sausage.

Little Rock, Ark., June 20.—J. B. Baremoore, a farmer residing near Ft. Smith, and his children, Emma, aged 5 years, and James, aged 18 months, died Monday at Bellepoint hospital at Ft. Smith from poisoning. A daughter, aged 7 years, is at the point of death. The mother ate none of the sausage, and is not affected. The sausage was purchased from a street lunch stand Thursday afternoon, and was eaten at a family meal.

Liquor Causes Fatal Row.

Columbia, S. C., June 20.—Mont D. Ihley is dead and John Henry Pope, Jr., is fatally wounded as a result of a row over a jug of liquor in a remote section of Hampton county. Pope met Ihley, who had a jug of whiskey, and demanded that Ihley sell it to him. Ihley refused, but offered Pope a drink. A dispute ensued. Pope shot Ihley, but before the latter fell he fatally wounded Pope shooting him three times.

Julian Thomas Comes to Earth.

Binghamton, N. Y., June 20.—The balloon containing Julian P. Thomas and Charles Levee, which left New York Sunday evening, landed near South New Berlin Monday morning at 8:30 o'clock. Dr. Thomas said the trip was a success in every way and that it could have been possible to have gone much further.

More Killed Than Reported.

Knoxville, Tenn., June 20.—Fuller details of Sunday's accident on the Louisville and Nashville railroad bridge across the Tallassee river, when a hand car loaded with people was run down by a train, show that six people were killed instead of four

KILLS HIS FATHER TO SAVE MOTHER

Sam Gray Shot and Killed by His Son.

YOUNG GRAY GIVES SELF UP

Clark County Boy Shoots Father to Death as the Latter, Who Is Said to Have Been Under the Influence of Whisky, Sought To Kill Wife.

Athens, Ga., June 20.—Sam Gray, aged 47, was shot and instantly killed by his son at Winterhall, this county, Monday afternoon at 6 o'clock.

The elder man was said to be under the influence of whisky at his home and was threatening to kill her when young John Gray, aged 17, entered the room.

He pleaded with his father to desist. This angered the old man and he then threatened to kill them both.

The son then seized a breech loading shotgun and fired at his father. The load entered the left eye, and almost totally took off his face.

Young Gray told of the deed and gave himself upon. A committment trial will be held.

Will Grant Murderess Respite.

Jefferson City, Mo., June 20.—Division No. 2, of the supreme court, on Tuesday overruled a motion for a rehearing in the case of Mrs. Aegle Myers, sentenced to be hanged on June 29th for the murder of her husband in Kansas City two years ago. Governor Folk has left for Bloomington, Ind., where he will deliver an address on Wednesday. He said he would return Friday and grant the condemned woman a respite of either 30 or 60 days to determine whether or not to commute her sentence to life imprisonment. The supreme court decision also affected the care of F. Ottman, the condemned accomplice of Aggie Myers, and he will be granted a respite by Governor Folk when the woman's sentence is respited.

Will Assist in Operations.

Herne, Westphalia, June [illegible].—A delegation of 16 Frenchmen will arrive at the Hibernia coal mine June 26th as an acknowledgment of the relief work, of the party of 15 life savers sent from here March 12th to Courrieres, department of the Dea Calais, to assist in the salvage operations after the disaster there by which about 1,200 persons lost their lives. Among the French visitors will be the survivors of the Courrieres catastrophe, a son of former President Carnot, who will act as chairman of the delegation, members of the various corporations and of the Paris university, representatives of the Paris fire brigade and several officials of high rank.

Work to Start on Extension.

Columbus, Ga., June 1.—The work of constructing the Atlanta, Birmingham and Atlantic railway from Warm Springs, Ga., to Atlanta, a distance of 70 miles, begins soon, the contract having been let to the Callahan Construction company, of Knoxville, Tenn. This is the same firm of contractors that is building the Atlantic and Birmingham railway from Talbotton to LaGrange. The new road from Atlanta to Warm Springs will be a branch of the Atlantic and Birmingham. The route was surveyed recently by engineers placed in the field by the Atlantic and Birmingham, with instructions to make the surveys as rapidly as possible.

Tobacco Crop Is Uncertain.

Washington, June 20.—The department of agriculture announces that on account of unfavorable weather for planting tobacco during the month of May throughout a large part of the tobacco-growing area of the United States, it is impossible to give an accurate idea of what the acreage will be this year at the present time. Statistics showing the acreage planted this year compared with that planted last year, and also the average conditions by states, will be published July 10 by the president.

NEWS OF CITY AND COUNTY CONDENSED

Miss Bessie and Cricket Prewitt of Waldo were in the city for a short time yesterday, dining with Mr. and Mrs. F. M. Prewitt.

E. F. Childers, a prominent real estate man of Arcadia, was in the city on business yesterday. He states that Arcadia, and in fact all of DeSoto county, of which Arcadia is the county site, is prospering.

T. B. Ellis, Sr., has returned from Cedar Key, where he has been recuperating for a day or two. This was Mr. Ellis' old home, and during his residence there he learned to "outswim the fishes and out-dive the ducks," hence he appreciates a visit once in a while.

John M. Graham and son, L. M., of Ocala, returned to their home yesterday, after a brief visit here, having been summoned on account of the marriage of the former's son, D. M. Graham, to Miss Stennie Dickinson. The Grahams are prominent people of Marion county, and have many friends in this section.

If you knew the value of Chamberlain's Salve you would never wish to be without it. Here are some of the diseases for which it is especially valuable: Sore nipples, chapped hands, burns, frost bites, chilblains, chronic sore eyes, itching piles, tetter, salt rheum and eczema. Price 25 cents per box. For sale by all druggists.

The local camp, Woodmen of the World, desirous of keeping on "good terms" with one another from a social standpoint, have decided to hold this evening a sociable after the regular meeting. There will be served ice cream, cake, cigars, etc., at the conclusion of the meeting, and there is no dontt but that those who attend will enjoy the occasion. The meeting will be held in at the P. O. S. of A. hall, 113 East Union street, over the store of Joe Manasse.

Yesterday morning there was a runaway on S. University street from the result of which the young son of S. M. Davis, owner of the team, was severely bruised and scratched about the face. The team was driven by the little Davis boy. It comprised a pony and a "pony" rig, and was occupied by three small boys, the youngest of whom was the Davis boy. A lineman dropped a wire across the back of the pony, which frightened the animal. The pony ran, upsetting the buggy and turning the three lads out. There was no damage, however, except to young Davis, who was only slightly injured, and who will recover in a day or two.

THE WESTMINSTER LEAGUE-

Delightful Social Was Held at the Manse on Tuesday Evening.

In accordance with the announcement and invitation, the members of the Westminster League of the Presbyterian church, with their friends, assembled at the home of Rev. and Mrs. Thos. P. Hay, the manse, North Pleasant street, Tuesday evening, to partake of the hospitality of the League in an entertainment which was planned and given by this branch of the church.

The meeting was one of the most largley attended in Gainesville recently, about fifty being present. The evening was passed in a most enjoyable manner, the program comprising games and music. During the evening delightful refreshments were served.

These social functions do a great deal towards keeping up interest in the societies, and act as evidence that the members are ready and willing to stand together, not only in their religious work, but also from a social steandpoint.

Rev. and Mrs. Hay, the host and hostess, did everything possible to make this occasion pleasant, which was appreciated.

Card of Thanks.

I wish it distinctly understood that I entertain no ill-feeling against those whose judgment prompted them to vote for my opponent.

While defeated, I am still an ardent advocate of good roads, and shall embrace any available opportunity to effect the promulgation of such political principles as are most likely to promote the general welfare of our beloved county. Again thanking you, one and all, I am

Yours for progress,

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making in a household word by their porsonal recommendations to friends and neighbors. It is a good medicine to have it the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

WILL MOVE TO GAINESVILLE.

General Manager Adkinson of G. & G. to Bring Family Here.

C. N. Adkins of Kansas City, the newly appointed general manager of the Gainesville and Gulf railway, who declares that he is going to "make things hum," has gone to his home for the purpose of arranging to move with his family to Gainesville.

Mr. Adkinson is a thorough railroad man. He is a man of broad experience, both in management and construction, and several months ago, in some manner, became interested in the Gainesville and Gulf and its possibilities. The result was that, accompanied by Hon. A. S. Mann, he visited Gainesville a few weeks ago, investigated the situation, made certain propositions which looked good and feasible to the stockholders, and became one of them, being appointed to the responsible position of general manager.

Mr. Adkinson has every confidence in Florida, and more particularly in the section which will be traversed by the extension of the Gainesville and Gulf southward from Fairfield to Tampa. He has studied the situation carefully and thoroughly, and is satisfied that the Gainesville and Gulf will touch the most fertile country not only in Florida, but in the South—a country that is as diversified as it is fertile, not only in agriculture and horticulture, but in lumber and naval stores, and other things.

Mr. Adkinson has already secured a house, and a short time will arrive with his interesting family, to make Gainesville his home. He will be welcomed not only as a citizen, but as a man who is full of push and energy, and wants to do something for the state.

Gainesville Defeats Ocala.

The Central City baseball club, colored, again defeated Ocala yesterday in a close game, the score being five to four in favor of the Central City team. This was the third of a series, and the games have been quite close and exciting, as both teams are in good condition. Ocala defeated Gainesville Monday afternoon by a score of three to two. Gainesville gave them the best of it on Tuesday by a score which was not so close, and the third game showed the superiority of the Central City team in the score as mentioned. The Central Citys will play the Jacksonville team on Monday afternoon.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. For sale by all druggists.

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of a disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

A Delightful Occasion

Mrs. S. B. The members of the class are under many obligations to Mrs. Rogers for her hospitality.

GRAHAM—DICKINSON NUPTIALS

Marriage of Two Popular Young People Early Wednesday Morning.

One of the most important weddings that has transpired in Gainesville for some time was the marriage of Dillon Lorentus Graham and Miss Stannie Dickinson, daughter of Captain and Mrs. William DeVanna Dickinson, which occurred at Episcopal Methodist Church at 7 o'clock Wednesday morning.

As early as half past six the church was crowded, and the ushers were kept busy in an endeavor to seat those who arrived late.

Promptly at the hour Mrs. Irene Denby, the organist at the church, and a personal friend of the bride, began Lohengrin's wedding march, to which the couple marched down the aisle accompanied by L. M. Graham, a brother of the groom, and Miss Nannie Dickinson, a sister of the bride. Mr. McCarty and Miss Ina Causey attendants. Upon arriving at the altar the ceremony was performed in a most impressive manner by Rev. I. J. North.

After the ceremony Mrs. Denby played Mendelssohn's wedding march as the happy couple and the attendants left the church.

Miss Hastings, Hayes, Dot and Wells acted as ushers.

The church was most appropriately decorated for the occasion with floral designs and presented a handsome appearance.

The bride is one of the most widely known young ladies of this city, having made many friends by her affectionate and lovable disposition.

Mr. Graham left on the afternoon train for Jacksonville, where they will spend their honeymoon. They took with them the best wishes of their numerous friends.

MRS. CARLTON THANKFUL.

Is Under Many and Lasting Obligations to Friends at Micanopy.

Editor Sun: On the 12th of last month I returned home from a visit of a few days to my children living in Jacksonville, Fernandina and Madison, Fla., to find that the home in which I had lived for seven years had that day been destroyed by fire. As I prized the home very highly as a place to live, though I did not own the house, I felt that a great calamity had befallen me; but now I see more clearly how much worse it has been for others, and how very much I have to be thankful for.

I wish here to express my appreciation of the kindness and sympathy shown us by the good people of Micanopy during that severe trial. Through their heroic efforts almost everything was gotten out of the rooms on the first floor, but much of it was damaged afterwards by the fire.

To each and everyone who assisted in moving and caring for our things, and to all those who so generously opened the doors of their homes and bade us welcome to stay until we could get settled, I feel very grateful. Also to the insurance people for their courtesy and promptness in adjusting the matter of insurance. Only ten days had elapsed when I was notified they were ready to settle the claim, and they did so at once. I feel that I can safely advise the readers of The Sun to profit by my experience and insure, for we know not at what hour or from what source the devouring flames will steal in upon us, and when they do it is comforting to know that it is not a total loss. MRS. CARLTON.

Micanopy, June 20.

Made the Boys Happy

The pay train of the Atlantic Coast Line, more familiarly known as the "band wagon," arrived on time yesterday, and made the boys happy by the distribution of monthly salaries. Several thousand dollars from one source and another is paid out here monthly by the Atlantic Coast Line, which is a great commercial benefit to the city.

Whether the Republicans of Pennsylvania asked for bread or not, they have been given a Stone by Matt Quay's successor.

"Whitewashing with a muck-brush," remarks The Washington Star, "is not altogether satisfactory in its results to anybody concerned." These slaps at the President from such Republican sources are on the verge of lese majeste.

Under the primary system in Georgia there is only one primary election, the candidate receiving the most votes being declared the nominee. Such was formerly the case in Florida, and it would be well to change the law in this particular, if we are to judge public sentiment by the tone of the State press.

From Jefferson county to Africa is a far cry. Mr. W. M. Girardeau shipped on Wednesday an order of five bushels of beggarweed seed for the Soudan. They went by express to New York and thence to Alexandria, Egypt, and up the Nile to the Soudan. His melon and beggarweed seed are considerably planted in South Africa also, and he has some interesting testimonials from the dark continent.—Monticello News.

Wisconsin's Republican Secretary of State, Walter E. Houser, is charged with attempted bribery, and a warrant has been issued for his arrest. The accused man, who will be prosecuted by District Attorney Gilbert, a leading candidate for the office of Attorney-General, announces his own candidacy for a third term. The complaint against the Secretary is made by State Insurance Commissioner Host, who charges that Houser in 1903 offered to contribute $2,000 to the Republican campaign fund if the Commissioner would render a decision favorable to a certain company. But why has the latter waited three years before preferring charges? Was it hoped that Houser might raise the ante?

THE FRENZIED BEEF PACKERS.

It is stated that the Neill-Reynolds report on the beef trust horrors has already seriously injured the American meat trade abroad, that the sale of American canned meats has practically stopped altogether in London, and that throughout Belgium the market for our lard and other prepared animal products has been killed.

Nor is this all. In New York and other cities a decrease in the use of meats is very apparent, and this is especially noticeable at public restaurants, where diners always look with more or less suspicion at the dishes prepared beyond their ken.

Such results are perfectly natural and to be expected, and the public cannot feel sorry for the men who have brought this state of affairs to pass. It is right that they should be punished for their actions, and it is a pity that such punishment may not be more drastic than mere monetary loss—or rather a mere lessening of profits.

The Agricultural Committee of the House does not seem inclined to take the offenders to task. Its members want to take a trip to Chicago and "make an inspection" themselves. Just as if every packing-house in the city had not been imbued with a frenzy of house-cleaning ever since the subject-matter of the report was first hinted at.

In fact, the plan appears to be to delay reporting the agricultural bill to the House until the last possible moment, and then to force it through without any meat-inspection amendment, or to add a substitute which will be eminently satisfactory, not to the public, but to the packers.

One thing is certain—if the present Congress does not assist the people in this shameful matter, these same people will remember that fact at the polls next fall.

PEERLESS AND THE FEARLESS.

While Colonel Henry Watterson is chanting hymns in honor of Mr. Bryan, the imminent lightning plays over his own head, remarks The New York Sun.

The Richmond Times-Democrat names him as the fittest candidate for Vice-President on the ticket with the greatest conservative force in American public life, the peerless leader, the greatest American citizen.

The nomination will be received with rapturous applause wherever there are Democratic hands, hearts and lungs. Colonel Watterson is a great American traveler, too.

He has seen the hotels and porters of many cities. He is a conservative and a preservative force.

He has given much of his life and most of parts of speech to the Democratic party.

He has advised, remonstrated with and supplicated several Presidents.

He has been as steady in his convictions as a weather vane.

He has the star-eyed goddess in his cellar at this moment. She needs to wait no longer. The time is come.

Bryan and Watterson; the Peerless and the Fearless; wise youth and youthful age; two tongues and pens of fire; two editors, travelers, lecturers, statesmen.

In the hearing before the House committee on agriculture respecting the Roosevelt charges against the packing-houses, Dr. Melvin, chief of the bureau of animal industry, was asked incidentally to state the number of government inspectors in Chicago. He answered 77 veterinarians, 59 stock examiners and 55 taggers, making 191 in all. In the whole service, he said, there are 783. What have these 783 Federal officers been doing for the past seven years? Have they all, or any of them, been in the pay of the packers? Have they been concealing the truth for the sake of graft?

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. REPUBLICAN INCONSISTENCY.

The Republicans of the present day have forgotten what the founders of their party declared in 1860, when they were seeking the approval of the American people. At that time they did not attribute the growth and prosperity of the nation to protectionism as they now do, but to the true causes of both—that is, to the union of the States and the consequent freedom of trade among them. They declared: "That to the union of the States this nation owes its unprecedented increase in population, its surprising development of material resources, its rapid augmentation of wealth, its happiness at home and its honor abroad."

This wise declaration has been studiously avoided in all its recent platforms, and the exact contrary has been asserted. In 1892, the party said: "We maintain that the prosperous condition of our country is due to the wise revenue legislation of the last Republican Congress."

For a generation or more the advocates of protectionism who control that party and plunder people of all parties, have ascribed the continuance of prosperity to its own legislation, thus giving the lie direct to the Republicans of 1860. What ingrates and fakirs the Republican bosses are!

In the case from Nassau county wherein J. G. McGiffin, candidate for State Senator, sought to compel a recanvass of the votes on account of irregularities charged in making returns, the judge decided that the primary election law gives the county executive committee full power. They canvass the returns, declare the result, and decide any and all contests that may arise. From their decision there is no appeal, except for State offices, and the denial of authority by the courts makes the committee the autocrat in primary matters. No appeal will be taken from the decision of Judge Call, and the Nassau contest is ended. Should an appeal be taken, it is realized that before a ruling of the Supreme Court could be secured, the general election would have come and gone, and no relief could have been given McGiffin, even in case Judge Call should have been reversed. It was for this reason that it was decided not to appeal the case.

An exchange tells of a newspaper reporter who interviewed thirty successful business men and found that all of them when boys had been governed strictly and frequently thrashed. He also interviewed thirty loafers and learned that twenty-seven of them had been "mama's darling," and the other three had been reared by their grandmothers.

It begins to look as if the South Carolina dispensary was doomed. Senator Tillman, however, has purchased an automobile and will canvass every county in the State in support of the measure, and it remains to be seen if he has lost his influence in this particular.

THE NEWS FROM ARNO.

Interesting Budget of Items From That Progressive Little Burg.

Arno, June 20.—Your correspondent has been away from home most of the time recently, hence the dearth of news from this place. We spent three days last week at Lake City mixing with her people, consulting the officers and professors of the Experiment Station, and examining the grounds. A more hospitable and friendly people I never found anywhere, and the most of the people seem to have no animosity against the Gainesville people and are making no fight against the removal of the University, but the fight seems to be with a few disgruntled politicians and business men. A more courteous and attentive corps of professors it would be hard to find. Gainesville people already know much of the ability and courtesy of Prof. P. H. Rolph, the new director of the Station, but they will find Prof. H. S. Fawcett, assistant biologist, Professor E. W. Berger, assistant entomologist, and Professor Connor, agriculturist, well up to their leader. We found the buildings and grounds very well arranged and well adapted to their various uses, but we are sure Gainesville can make some great improvements, especially in the barn and green-house. There is no comparison between the farm at Lake City and the land donated at Gainesville. I confidently believe this one point would justify the removal of the University to Gainesville.

The Y. P. S. C. E. organized here about two months ago is in a prosperous condition. The membership has almost doubled in that time.

Many of our young people who have been off at school and teaching school have returned, much to the help of our Y. P. S. C. E. and the Sunday school.

Forest Grove church is without a pastor now, and we see no prospect of getting one until the year is out.

While the crops in this community are still pretty grassy they are looking well, and compare favorably with any other place we have seen in our travels for the past two weeks.

Raymond Osteen is at home from South Florida.

Tommie Bethea is at home from the East Coast, near Miami. He says it is a good place to garden in winter, if you can only get back to Alachua county away from the mosquitoes in summer.

Our community lost much socially in the departure of Miss Willie McIntosh after her school was out.

The peach crop is very short here this year, but the trees seem to be preparing for an extra crop next year.

Lester's Remains Enroute Home.

Washington, June 20.—The body of Representative Rufus E. Lester, of Georgia, who died Saturday evening as the result of a fall through the skylight of the apartment house where he was residing, was placed aboard the Southern railway train leaving this place Tuesday forenoon and will reach Savannah, Ga., Wednesday forenoon. In addition to the family, the body was accompanied by the special committee of the senate and house

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because insidious. Many deaths are caused by it—heart disease, pneumonia, heart failure, apoplexy are often the result of kidney disease. If kidney trouble is allowed to exist the kidneys clog the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away. Bladder troubles almost always result from a derangement of the kidneys. Relief is obtained quickest by a treatment of the kidneys. If you are sick you can make no mistake by taking Dr. Kilmer's Swamp-Root. It is the great kidney, liver and bladder remedy. It corrects inability to hold water and scalding pain in passing it, and that unpleasant necessity of being obliged to go often through the day and get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root and the address, Binghamton, N. Y., on every bottle.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine for women, all the ingredients of which are printed upon its wrapper and have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such professional endorsements. This, of itself, is of far more weight and importance than any amount of non-professional testimonials.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable "doctorings and personal examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post-paid, on receipt of stamps to pay cost of mailing only, 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce, as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

Ohio's Governor Dead.

Cincinnati, June 20.—John M. Pattison, Governor of Ohio, died at Wright's Sanitarium, Clifton, a suburb of this city, at 4 o'clock Monday afternoon at his home in Milford, 18 miles east of this city. On a hospital bulletin near his home his body will be laid to rest on Thursday afternoon at 2 o'clock after services in the Methodist church. One week ago the governor was carried into his home from which he had gone five months before to his inauguration as chief executive of the state, the intervening time having been spent on a bed of pain. His death came suddenly, and was unexpected even by his physicians and family, and was caused by a relapse from his illness. The oath of office was administered to Acting Governor Andrew L. Harris at Eaton, O., Monday night by Judge Fisher, of the common pleas bench.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes day and night and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

There Are Few

who know how to take care of the liver—the majority do not. The liver is a most important organ in the body. Herbine will keep it in good condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever and find it the best medicine I ever used. I would not be without it if it cost $5 a bottle." Herbine is fine for children as it is for grown up people and I recommend it for la grippe." Sold by W. M. Johnson.

"LORD DOUGLAS" IS IDENTIFIED

Mrs. Hood Positively Identifies Picture of Alleged Nobleman.

Asheville, N. C., June 20.—Mrs. Jno. N. Hood, mother of Mrs. J. C. Cavendish, formerly Miss Josephine Hood of this city, has identified a picture of the alleged Lord Percy Douglas as that of the man who married her daughter at New Iberia, La., last December. The couple left immediately after the ceremony, apparently for Mexico, and have not been heard from since.

The picture identified by Mrs. Hood was shown to her by the Asheville chief of police. It is a copy of widely distributed pictures of the notorious bigamist, who, under the name of "Lord Douglas," and "J. C. Cavendish" has contracted illegal marriages at South Bend, Ind., Norfolk, East St. Louis, Denver, Colo., Ft. Worth, Tex., Hot Springs, Ark., and lastly at Iberia, La.

Federal Judge J. C. Pritchard has addressed a letter to Elihu Root, secretary of state, urging him to institute a search through the American consul at Vera Cruz, Mexico. Mrs. Hood, who is greatly distressed over the fate of her daughter, asked the Associated Press to aid her in locating the missing girl.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Turns to Democrats for Relief.

Washington, June 20.—Rev. Henry Coleman, of Milwaukee, is greatly stirred up over the course of the [illegible] of the speaker of the house in relation to the meat inspection and the pure food bills. On Tuesday Speaker Cannon received the following from him: "Although I have never, in fifty years of voting, supported the Democratic ticket, your course in meat inspection and pure food bills, turns me strongly towards the Democrats for relief."

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp. It will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
